While MB&RC is intended primarily for use by our paid Membership, we are fully aware that many Members wish to share the MB&RC experience with family and friends who are not Members. Some of these individuals may even be on our waiting list. While current policy does not limit the number of times an individual or family may be invited as guests, the policy was not intended to result in Members consistently bringing the same non-Members to the pool on a regular basis. The initiation and annual fees paid by Members come with certain privileges that should rightfully be reserved as an expectation of Membership. As stewards of MB&RC, we ask that Members continue to be mindful of the spirit in which the party and guest policies were drafted and join us in helping to preserve their integrity. If current policies continue to be ignored or abused, more restrictive policies will be considered.
